

LEAST RESTRICTIVE ENVIRONMENT POSITION STATEMENT

Reference: IDEA, 20 USC 1400, et. seq.

It is the philosophy and position of the Board of Directors that the primary responsibility for the administration and delivery of special education programs and services should be within the Academy and at the Academy a student would regularly attend, whenever appropriate.

Further, the Board endorses a commitment to the provision of a continuum of special education programs and services to disabled students in cooperation with the **South Carolina Public Charter School District**. Placement options shall follow a continuum of services model to ensure that each disabled person is provided a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE). To that end, every attempt will be made to first serve disabled students in the context of a regular education classroom. Other more restrictive environments such as: resource rooms, self-contained categorical classrooms, or settings outside of the Academy will be considered only after consideration has been given by the I.E.P. as to the feasibility of placement in the regular classroom.

The Principal or Principal Designee shall develop Administrative Procedures for the proper implementation of this policy.
